

Short stories from the radiant cute-brut world of a truly remarkable artist Against Pain is the first collection of multipage anthology pieces by Ron Rege, Jr. The storytelling side of his expressive work is featured in these comic strips gathered from McSweeney's, The New York Times, Kramers Ergot, NON, Rosetta, Arthur, The Comics Journal, and Drawn & Quarterly's anthology. Suicide bombers, art appreciation, a Lynda Barry cover, and even a Tylenol-sponsored comic about pain are brought together under the theme of suffering and how people cope with it. Against Pain also includes the alt-comics zine classic Boys: a twenty-two-page collaborative comic-considered by many to be Rege's finest work-illustrating the lust life of a friend in explicitly honest and hilarious detail.
